CW NEGATIVE CHANGES TIMEFRAMES

TIMEFRAMES	EXPLANATION
TIMELY NOTICING	<p>Customer receives 11 calendar days for noticing prior to negative action. The difference between TIMELY NOTICING and ADVERSE ACTION is that with timely noticing the first two steps are eliminated. The customer is not reporting any changes because the agency is aware the change has occurred and therefore it does not need to be verified. As an example, a non-compliance with child support.</p>
ALTERNATIVE TIMELY NOTICING	<p>Timely Noticing from the date the client was required to report.</p>
ADVERSE ACTION	<p>31-Day Rule: Customer has until the 10th of the month, following the month of change to report/verify. Worker has 10 calendar days to act upon the change. Customer receives 11 calendar days for noticing prior to negative action.</p>
REDETERMINATION, RECERTIFICATION, REASSESSMENT (RRR)	<p>Change will take effect in the next certification period. New verification may be required.</p>
ALTERNATIVE NOTICING	<p>No prior notice required.</p>
